Cargo Customer
Request cargo transport ACT-01
Provide cargo for launch ACT-02
Receive returned cargo ACT-03
Transport request INT-01
Ground Operations
Plan transport mission ACT-12
Mission plan INT-08
Monitor and command transport ACT-13
Plan end-of-life disposal ACT-14
Space Safety Authority
Approve disposal plan ACT-20
Assess collision risk ACT-19
Disposal plan INT-17
Disposal approval INT-18
Conjunction warning INT-16
Launch request INT-02
Injection report INT-04
Approach request INT-11
Telecommands INT-09
Telemetry INT-10
Disposal command INT-19
Launch Service Provider
Launch cargo and propellant to staging orbit ACT-04
Integrated cargo INT-03
Cargo in staging orbit INT-06
Propellant load INT-05
Propellant Supplier
Supply propellant in orbit ACT-18
Propellant INT-07
Cislunar Cargo Transport
Capture cargo in Earth staging orbit ACT-06
Transfer between Earth and lunar orbit ACT-07
Dispose at end of life ACT-11
Receive propellant in orbit ACT-05
Hand over cargo at lunar destination ACT-08
Hand over return cargo in Earth orbit ACT-10
Collect return cargo ACT-09
Approach clearance INT-12
Delivered cargo INT-13
Return cargo INT-14
Returned cargo INT-15
Lunar Orbit Destination
Clear approach and docking ACT-15
Receive delivered cargo ACT-16
Provide return cargo ACT-17
Red - physical flow
Dashed blue - information flow
