
Red - physical flow
Dashed blue - information flow
Assess collision risk ACT-19
Conjunction warning INT-16
Approve disposal plan ACT-20
Disposal plan INT-17
Disposal approval INT-18
Request cargo transport ACT-01
Transport request INT-01
Plan transport mission ACT-12
Mission plan INT-08
Monitor and command transport ACT-13
Plan end-of-life disposal ACT-14
Disposal command INT-19
Dispose at end of life ACT-11
Launch request INT-02
Injection report INT-04
Telecommands INT-09
Telemetry INT-10
Approach request INT-11
Provide cargo for launch ACT-02
Integrated cargo INT-03
Launch cargo and propellant to staging orbit ACT-04
Capture cargo in Earth staging orbit ACT-06
Cargo in staging orbit INT-06
Transfer between Earth and lunar orbit ACT-07
Clear approach and docking ACT-15
Approach clearance INT-12
Propellant load INT-05
Supply propellant in orbit ACT-18
Propellant INT-07
Receive propellant in orbit ACT-05
Hand over cargo at lunar destination ACT-08
Delivered cargo INT-13
Receive delivered cargo ACT-16
Receive returned cargo ACT-03
Returned cargo INT-15
Hand over return cargo in Earth orbit ACT-10
Collect return cargo ACT-09
Return cargo INT-14
Provide return cargo ACT-17
